

We're looking for **an Actuarial Senior Analyst/Actuarial Assistant Manager** to join our Actuarial team at MBPS. In this role, you will work closely with our Actuarial team to drive key business decisions and shape our company's financial future with your business acumen and analytical skillset. As the bridge between junior members and management, you'll be at the heart of a collaborative team that values your professional development.

Do you have the skills and knowledge for the job? Learn more about the opening below!

**NOTE:** The final job title and level you receive will be dependent on your years of experience and your interviews during the application process.

### **Position Responsibilities:**

- Collaborate with our skilled team of actuaries to support the company's strategic data analysis, risk assessment, and business planning.
- Assist in the management of our skilled team of actuaries to support the company's strategic data analysis, risk assessment, and business planning.
- Support the business in tasks that may include the following:
  - Pricing
  - Portfolio Modeling
  - Asset Modeling
  - Valuation
- Collaborate cross-functionally to ensure precise financial projections, optimal pricing strategies, and effective risk-management solutions.
- Drive innovation by staying at the forefront of industry trends, regulatory shifts, and technological advancements.

### **Required Qualifications:**

- Bachelor's degree in actuarial science, Mathematics, Statistics, Finance or related field
- At least 3 years of actuarial work experience in Insurance or Financial Services
- Progress towards attaining a designation in any recognized actuarial organization (SOA, ASP)
- Working experience in MS Office (Excel, VBA, Access), GGY AXIS, SQL, Qlikview, Python or similar programs is a plus.
- Proven analytical and problem-solving skills with the ability to gather, synthesize, organize, and report information, results, and recommendations to various levels across the organization.
- Strong ability to establish priorities and manage multiple tasks with accuracy and attention to detail.

- Able to work in an evolving and dynamic environment.
- Strong communication skills with the ability to build camaraderie across levels and business functions.
- Passion to grow and driven to be recognized as a trusted business partner.
